Suggested tables to include in the COBRE RPPR. Each table should be uploaded as a separate attachment to Section G.1 (Special Notice of Award Terms and Funding Opportunity Announcement Reporting Requirements) in the Overall Component of the RPPR.

Suggested Table 1: COBRE Funding Accomplishments. Grantees should report details on grant applications that were submitted by and awarded to COBRE participants during the current budget period. If an application is submitted and funded in the same budget period, report it only once under # New/Renewal Awards Funded.

Table 1A: Enter the number of grant applications that were submitted in the current budget period, the number that were funded, and the dollar amount (total costs) of the applications.

Table 1B: Enter the number of grant applications that were submitted and/or awarded by the following program participants: Research Project Leaders, Pilot Project Leaders, Supplement Project Leaders, Core staff (include the PD/PI in this tally), and other staff associated with the Center.

The first Core listed will be Table 2, the next Core will be Table 3, etc. Enter the data indicated for each Project that made use of Research Core services. Provide the type of user, the name of the project, the technology/instrumentation/service used, the number of individual users per project, the number of student users, and whether the data generated was included as part of a grant application or publication listed under Overall Question C.1. Note that all HHS grantees must cite any grants funded with HHS money that supported their work upon publication or presentation.
