Determination of Established MIRA PI for FY 2018 Eligibility of R01, R37 and SC1 Grants (DP2s need to have initial award in 2013 or 2014)

1. To identify R01, R37 and SC1 grants conferring eligibility to apply for an established PI MIRA for both the January and May 2018 receipt deadlines, go to NIH RePORTER,
   I. enter PI name
   II. check only FY 2017
   III. click SELECT
   IV. click SUBMIT QUERY to obtain all grants awarded funding in FY 2017
A necessary positive response will return a Search Results window with an

I. NIGMS issued
II. R01, R37 or SC1 single PI award
III. in FY 2017

2. with awarded funds (must be >$0)

The end date must be in FY 2018 or FY 2019, i.e. between 01-OCT-2017 and 30-SEP-2019. To determine the end date, click on the Project #:

3. The above GRANT DETAILS page should appear. The Project End Date is identified. The project end date is between 01-Oct-2017 and 30-Sep-2019, conferring eligibility
If you are uncertain that the qualifying grant is a single-PI grant, return to the RePORTER query screen and enter the grant number in the query form in the Project Details section and check Multi-PI Only in the Additional Filters section and submit the query.

The response should be:

indicating the selected grant was a single-PI grant.
