The screenshot shows a chat window with a text input field containing the placeholder text "2. Type Here". Below the input field is a row of five circular icons: a speech bubble, a microphone, a video camera, a computer monitor, and a group of people. A blue arrow points to the speech bubble icon, with a callout box below it containing the text "1. Click Chat Button". Above the input field, a status message reads "Last message received on 2/4/2016 at 4:03 PM.".

Questions during the Webinar?

Ask on-line in the “Chat” box located on the lower left side of your screen (type in your question(s)).

We will answer them during the Q & A period

Purpose of the Supplement (PA-16-060)

- **Purpose:** Curricular activities for graduate students to provide a strong foundation in research design and methods in areas related to conducting reproducible and rigorous research.
- **Examples of Curricular Activities:** Innovative courses in research design and methods; quantitative & computational skills development; sociology and ethics of science and decision-making

Eligibility & Number of Applications

- NIGMS predoc T32 training grant (TG) active at least through June 30, 2018.
- Institutions that received awards under the PA-15-136 for the development and implementation of curricular activities designed to expose students to multiple research careers only are eligible.
- Only one application per institution.
- Institutions with 2 or more TGs: cooperate & collaborate to develop curricula broadly applicable to all trainees.
- Select one TG, and submit supplement on behalf of the PD(s)/PI(s) of this TG.

How to Submit an Application?

- **Applications are due by March 31, 2016.**
- Two methods of submission possible:
 - 1) Submit electronically using the SF424 application forms and Grants.gov/Apply by clicking on the “Apply for Grant Electronically” button in the FOA
- Choose the “Revision” application type on the R&R Cover Form.
- **Program Plan** – uploaded under Research Training Program Plan Attachments under “3. Program Plan”

- Or -

How to Submit an Application, con't.

- 2) Log into [eRA Commons](#), identify the parent award, and prepare the administrative supplement request.
- Face page - application in response to: “Availability of Administrative Supplements to NIGMS Predoctoral Training Grants [\(PA-16-060\)](#)”.
- Include the **Program Plan** as a PDF file using the “Add Other Attachments” function.

Program Plan (limited to 3 pages)

- A summary or abstract of the funded parent project.
- Brief description of curricular activities & their rationale.
- List of NIGMS-supported predoc TGs impacted by the proposed activities.
- Description of how the new curriculum will enhance and/or complement the existing predoc TG(s) at the institution.
- Plan to incorporate an assessment of the proposed curricular activities into future evaluations of the overall training program.
- Brief explanation of budget.

Review Criteria

- Likelihood for a sustained, powerful influence on research training?
- A clearly identified need for proposed curricular activities?
- Potential impact on the institution's predoc training?
- Plan to incorporate the activities into the ongoing conduct of the training grant(s) and assess their longer-term impact in the context of the training provided by the training grant?

Budget & Start Date

- Up to \$80,000 direct costs for only one year of support.
- Funds must be expended during the 12-month budget period (No carry over).
- F&A Costs @ 8% of modified total direct costs.
- 15-20 awards to be made in FY 2016.
